Quality Policy****Statement:**

IPL Group is committed to providing its customers with high quality products backed by superior levels of service. To this end we have implemented a quality management system in line with ISO 9001:2000. This quality system applies to all aspects of our operations that affect product and service quality.

Management are fully committed to the continual improvement of products, services and the quality management system. The company constantly reviews its activities to achieve higher standards. To assist in this, a system of setting and reviewing quality objectives is incorporated.

Management strive to encourage a culture of quality throughout the organisation where all staff take interest and responsibility for quality in their area of work. To this end, staff are made aware of the importance of customer satisfaction and the company's quality policy. The Quality System contributes positively to the company's welfare and that of its employees.

Management reviews the quality policy at each management review meeting to determine the policy's continuing suitability.

# IPL group Health & Safety Policy

## Statement:

IPL group incorporating Industrial Plant Ltd and Innovative Products Ltd, design, manufacture and supply water pipeline and street furniture products.

With over 30 years experience in the Irish and European markets, we hold an environmental management system BS 8555 and a quality management system ISO 9001. We are committed to a comprehensive health and safety programme and a culture of health and safety awareness.

It is IPL group policy to provide a safe and healthy environment in which employees, visitors, contractors and customers can carry out their business. IPL group is committed to implementing, controlling and maintaining a programme that ensures, where possible, that all risks and hazards are eliminated or otherwise controlled to an acceptable level. We recognise that each member of our company has a responsibility for health and safety and will be held accountable for their actions. Our programme of consultation, risk assessments and control measures is designed to pursue best safe work methods, products and services.

IPL group health and safety policy is in place to ensure all aspects of our business operations meet health and safety standards. Our Health & Safety Statement is available to all personnel, outside contractors and Health and Safety Authority Inspectors.

The Company understands it's legal obligations and will comply with the Safety, Health and Welfare at Work Act 2005, the Safety, Health and Welfare at Work (General Application) Regulations 2007, and all other relevant legislation.

## Environmental Policy

**Statement:**

IPL Group Incorporating Industrial Plant Ltd and Innovative Products Ltd, design, manufacture and supply water pipeline and street furniture products.

With over 30 years experience in the Irish and European markets, a health and safety management system and an ISO 9001 registration, we are committed to ensuring that all our customers receive the highest quality products and regard environmental protection as an integral part of our business. We undertake to conduct our activities in a manner that protects the environment in which we operate.

IPL Group are committed to:

- Achieving and maintaining ISO 14001 Certification.
- Continually reviewing product and process design, and evaluating the options for eliminating, reducing or mitigating environmental impacts.
- Preventing pollution where possible by monitoring and assessing our activities regularly.
- Complying with environmental legislation and codes of best practice and relevant Corporation policies.
- Using this policy as a framework for setting and reviewing our environmental objectives and targets.
- Advising and training our employees and contractors as necessary to meet our environmental undertakings.
- Continually improve our Environmental Management System.
- Making our environmental policy available to the public.
