METER BOX RANGE

WATER SERVICE CONTROL-ROUND UNITS

WSC-R

All boxes in the WSC-R range are suitable for urban or rural locations, for new housing schemes or country laneways. For quick and easy installation plus long-term operation benefits, the WSC-R is the complete choice.

EFFECTIVE WATER MANAGEMENT

The successful 'in-line' design of the versatile WSC-R unit facilitates a wide range of metering technologies. It gives water service providers the greatest choice over equipment installation.

The **WSC-R Standard** is available with locking or non-locking lid and comes complete with stopcock, quick release expansion joint, insulation pad and 3/4" MBSP box outlets.

The **WSC-R Customer Access** box provides the facility for the customer to access the stop-valve at lid level with a unique key and comes complete with a secure, locking ductile iron lid.

The **WSC-R Telescopic** box offers greater on-site adaptability with screw-down height adjustment to suit different service pipe depths and comes complete with snap-shut plastic lid.
